Atlanta, GA | 678.895.9386 | coryevaughan@gmail.com | github.com/cv00132

About

I've always enjoyed testing my technical abilities while also engaging my creative mind. Programming provides me that perfect blend of both opportunities while producing fun and thought-provoking projects.

Skills

HTML, CSS, Sass, Javascript, AngularJS, Node.js, Git, Github, Web Sockets, Socket.io, npm, Chai, Test Driven Development, Agile Methodologies

Relevant Experience

The Iron Yard | Atlanta, GA   Jan 2017 - Apr 2017

The Iron Yard is a 12-week coding bootcamp specializing in highly focused, immersive training centered on language fluency, object-oriented programming, and project-based learning.

- **BarkSpark** - *a dating app designed for dog owners built for mobile and desktop*
  - Built a backend for storing user information
  - Utilized Socket.io (websockets) to build an instant messaging system
  - Implemented GoogleMaps API with geolocation and keyword search
  - Code: github.com/cv00132/barkspark-backend | Deployment: barkspark.surge.sh
- **Prost!** — *a restaurant website built utilizing mobile and desktop screen sizes*
  - Collaborated with a team member to design mockup for a fictional restaurant.
  - Users can join as an individual or organization and host and join events. Prost! pulls APIs from Google Maps and flickr to generate data on the page.
  - Code: github.com/cv00132/restaurant-page | Deployment: tiy-chriscoralli-restaurant-page.surge.sh
- **General Knowledge** — *an OOP trivia game dynamically generated using Javascript*
  - Generates a simple trivia game by querying the jService API
  - Validates entries by parsing string and checking for keywords
  - Tracks a player's score by using point values
  - Code: github.com/cv00132/general-knowledge | Deployment: generalknowledge.surge.sh

Waypoint Homes | Atlanta, GA   2013 - 2016

Marketing Coordinator

- Maintained the Salesforce CRM database for a portfolio surpassing 3,000 assets
- Led Marketing/Leasing conference calls with company executives which analyzed marketing efforts effectiveness using KPI metrics
- Designed marketing collateral for sales meetings, trade shows, and company executives and planned print and digital media buys
- Streamlined and revamped the photography process saving the company $10,000+ and collaborated with a small team to construct the photo database that allows users to upload, share, tag, and comment on photos and which gives updates in real time
- Contributed to relevant blogs, Chamber of Commerce meetings, and networking events both online and offline to increase brand awareness

Education

Georgia Southern University | Atlanta, GA   2008 - 2012

Graduated with a BBA, Marketing degree
